

WORLD AT LARGE IS LACKING EXACT FACTS FROM WARSAW AREA

Former German Prisoners Serve With Bolsheviks—U. S. Must Soon Determine Course.

BULLETIN

PARIS, Aug. 7.—Thousands of former German prisoners now serving in the Bolshevik armies, according to information to the French foreign office, are being permitted leave of absence to Germany.

In the plebiscite districts of Allenstein and Marienwerder, the advisers state, German officials are boasting that the armistice negotiations are only a pretext for the Bolsheviks to gain time.

BULLETIN

PARIS, Aug. 7.—The situation northeast of Warsaw is more disquieting today because of the failure of the Polish staff to take all the measures recommended by the allied military experts, says the French foreign office today. The Anglo-French mission will not leave Warsaw for several days.

BULLETIN

LONDON, Aug. 8.—Warsaw will be evacuated today by the Polish government and representatives of the allied nations, according to a Berlin dispatch to the London Times under date of Saturday. The report adds that the Polish government will retire to Cracow.

BULLETIN

WARSAW, Aug. 6.—(By The Associated Press.)—Military attaches were told at Polish army headquarters today that the Polish line directly northeast of Warsaw had been withdrawn to a position about 80 kilometers (about 50 miles) from the capital. Owing to this withdrawal, which took place below Ostrow, the Poles were out of contact with the Bolsheviks at various points.

Premier Makes Impassioned Plea

Paris, Aug. 7.—Altho Saturday's Polish communiques contain some favorable points it does not show that the advance of the Bolsheviks is being seriously checked. Warsaw advises dated Saturday, however, declare it is only on a small sector facing Droheczyn that the enemy has crossed the Bug river in the Brest-Litovsk district and claim the Bolsheviks advance on Warsaw from the direction of Grodno and Bielestok, to the northeast of Warsaw has been absolutely stopped.

The municipal council of Warsaw has formed a council of defense for the city, composed of 15 members.

In an appeal to the peasants, to which group he belongs by birth, Premier Witos, in his own words of language says: "If depends on you whether Poland develops in freedom and well being, or is forced to toil under Muscovite invaders. The government is asking an honorable peace, not a peace at any price. It is better to die than live chained; death is better than cowardly slavery."

American Legation Leaves Warsaw

Warsaw, Aug. 6.—(By The Associated Press.)—The removal of the secret files and other records of the American legation in Warsaw began today.

Jay P. Moffatt, secretary of the legation, is remaining here and will accompany the Polish government if the Bolshevik advance makes its removal necessary. The exodus of the population is continuing. All women Red Cross workers will depart within the next few days. Groups are leaving on every train for Danzig. Nearly all the Y. M. C. A. workers have left the city. The joint distribution committee has closed its station here. The American relief association continues in operation, but all its employees have their baggage packed and are ready to leave on short notice.

Washington, Aug. 7.—Announcement of the attitude of the United States toward the Bolshevik invasion in Europe and Asia is not expected until the note addressed to the Washington government by Poland has been received. An interchange of views is already in progress, however, between the United States and the French and British governments.

In an attempt, officials said, to map out a course of action promising favorable results, U. S. Must Act.

With the threatened political and economical collapse of Poland and reactions of similar gravity anticipated in states adjacent, officials described the situation as approaching a point where self-interest would prompt the United States to take action. The view was expressed that the victory over Germany was contained in the understanding that exist between soviet Russia and Germany and this offered sufficient provocation for action by the United States. STREET CARS WILL BE OPERATED IN DENVER TODAY

Strike Not Settled but Troops Preserve Quiet

COMPANY REFUSES TO DEAL WITH UNIONS

DENVER, Colo., Aug. 7.—At a conference tonight of military, state and civil authorities, it was decided to start street cars running on every line in the city at 8 a. m. tomorrow.

The cars will be manned by strike-breakers. Armed guards, posted on every car since the strike was declared, will be dispersed with. The crews will not be armed. The routes the cars will take will be patrolled by the troops now here and those expected early in the morning from Camp Funston, Kan. With every downtown street patrolled, troops on duty at every car barn and squads of special police at every station, Denver was comparatively quiet tonight.

Assembling Not Permitted. Colonel C. C. Ballou, in command of federal troops in Denver, this afternoon refused to permit striking trainmen to gather at 5:30 o'clock this afternoon to vote finally on calling off the strike on the lines of the Denver Tramway.

Colonel Ballou forbade the meeting because he considered it unwise to permit so many men to gather in a hall at that hour of the evening.

Earlier in the day he had issued orders forbidding all public assemblies.

Colonel Ballou promised union leaders that if there was no rioting tonight he would permit them to meet at 9 a. m. tomorrow. Meanwhile, Frederick W. Hilde, general manager of the company, announced, "we will not deal with the union."

At a meeting this morning the men voted to return to work if the tramway company met certain conditions. One was that the men would be permitted to come back in a body. Another was that strike breakers should be discharged, while a third called for a working agreement between the union and the company.

City Is Quiet. At a conference this afternoon, Hilde gave assurances that cars would be operated tomorrow, if the men would be permitted to come back in a body. Another was that strike breakers should be discharged, while a third called for a working agreement between the union and the company.

TENNESSEE GOVERNOR CALLS SPECIAL SESSION

Will Ask for Ratification of Woman's Suffrage—One Hundred and Thirty Nine Subjects Mentioned for Action.

Nashville, Tenn., Aug. 7.—Governor Roberts of Tennessee issued a call today for an extra session of the legislature to convene at noon Monday. Of the 139 subjects mentioned for action the first was ratification of the federal suffrage amendment. In anticipation of the fight, suffragists and anti-suffragists not only from Tennessee but from other states are arriving. Both sides appear confident of the result.

The suffragists undoubtedly have been cheered by the results of the special elections this week to fill thirteen vacancies in the legislature. They claim to have pledged in advance of the men elected. Nevertheless, an undercurrent of anti-ratification sentiment has gained strength recently thru formation of the constitutional league of Tennessee, composed of those who are opposed to ratification upon constitutional grounds.

EXPOSE \$1,000,000 AUTOMOBILE RING

Chicago, Aug. 7.—Exposure of a million dollar automobile ring was made here today with the arrest of Jack Sharpio, ward politician and former deputy sheriff in the municipal courts, police say. Sharpio's arrest came after the police had traced the workings of the alleged ring from Chicago to St. Paul and recovered eight cars. Three of the cars have already been identified by Chicagoans, police say.

TWO LIFE TERM CONVICTS PARDONED

Austin, Texas, Aug. 7.—Thru the efforts of "Uncle" Bill Edwards, eccentric convict recently pardoned, the governor today pardoned James Nunley and H. J. Carbaugh two life term convicts who were convicted of murder. Both of them having served over fifteen years. They were pals of "Uncle" Bill while in the state prison.

FRANCE PREPARING TO ACT INSTANTLY IN PRESENT CRISIS

Said to be on Verge of Sending Stern Note to Germany

POLISH SUPPLIES TIED UP BY STRIKE

PARIS, Aug. 7.—France, acting alone if necessary, is on the verge of sending a stern note to the German government, informing it that France will act instantly and forcefully to enforce the treaty of Versailles in its provisions for eastern Europe as well as for the west and that France can properly take coercive action along the Rhine, according to reports in the highest official circles.

The French government is declared to be convinced that Germany is plotting with the soviets to nullify the Polish boundaries created by the allies last year and hampering all allied efforts to aid the new republic during a critical period. The feeling also is ascribed to the French in unofficial quarters that efforts by certain factions in Germany to provoke an open quarrel between the two countries is approaching a crisis.

Within the past several days all supplies en route for French troops in the plebiscite area in upper Silesia have been held up by German railway men and other workers. All of the Sarre Basin is tied up by a strike and shipments for Poland by way of Germany have been sidetracked or wrecked.

The communist party of Germany is reported to have ordered its members in East Prussia to extend a welcome to the Bolsheviks, the greatest possible trouble has been stirred at Danzig and the recent flag incident at the French embassy in Berlin remains unsettled.

It is declared in official circles that the French government cannot endure this state of affairs much longer and that France must show "that the treaty of Versailles is more than a scrap of paper."

HARDING LETS DOWN IN CAMPAIGN WORK DECLARES HOLIDAY

Declines to Comment on Acceptance Speech of Governor Cox

CONFERS WITH SENATOR TOWNSEND

MARION, Ohio, Aug. 7.—Senator Harding let down today in his strenuous program of campaign work and after receiving a few callers declared a holiday and motored to Mansfield, forty miles away for a game of golf.

He declined to comment on the acceptance speech of his Democratic opponent, Governor Cox, and it was indicated that his first reply probably would come in public speeches here during the next few weeks.

One of those who saw Senator Harding today was Senator Townsend of Michigan, who came at the candidate's request to talk over the situation in Michigan. After the conference, Senator Townsend said he was well satisfied with the trend of opinion throughout his state.

ASK RECEIVER FOR TRACTION COMPANY

DANVILLE, Ill., Aug. 7.—The East St. Louis and Suburban company today filed in the United States district court a bill for relief and for the appointment of a receiver against the Altoona Granite City and St. Louis Traction company. The defendants immediately entered their appearance and Judge English appointed Fred E. Allen, of East St. Louis and W. A. Sawyer of Columbus, Ohio, temporary receivers for sixty days, when he will hear arguments on a motion to make the receivership permanent. The complainants claim the defendant company has defaulted in interest payments on bonds.

INVESTIGATING DYNAMITE PLOT.

DETROIT, Mich., Aug. 7.—Authorities are investigating what they believe may have been an attempt to dynamite a portion of the Ford Motor Company's plant here early today, when a quantity of dynamite, wrapped in a towel, was found by a fireman in the engine room of the dry kiln as he was about to throw rubbish into the furnace. The dynamite was traced to one of the waste paper baskets in the factory yard from which it is customary to gather rubbish for burning.

Several men were detained this afternoon but released after examination.

MILLERAND AND FOCH GO FOR CONFERENCE

Paris, Aug. 7.—Premier Millerand, accompanied by Marshal Foch and Philippe L. L. Boitel, political director of the foreign office left tonight for Hythe, England, for his conference with Premier Lloyd George on the Russo-Polish situation.

ONE MAN KILLED IN HIS HOME AT WEST FRANKFORT

Four Men Suspected of Riot Leadership Under Arrest

STATE MILITIAMEN TO REMAIN ON GUARD

WEST FRANKFORT, Ill., Aug. 7.—Four men were arrested this evening in a general roundup of suspects believed to be the leaders in the riots here during which, this morning, one man was attacked in his home and slain by a mob.

Sheriff Robert S. Watkins of Franklin county, who is directing the arrest campaign, announced this evening he had the names of more than a dozen persons who have been pointed out to him as implicated in the riots. None of those in custody appears to be more than 21 years old.

The man slain this morning is Louis Carrera, 40 years old. He was shot after his wife and children had fled to summon assistance. Two men who were arrested on suspicion of being implicated in the murder deny any connection with the slaying of Carrera, the only known dead in the riots.

Authorities have decided to postpone the inquest into Carrera's death until the situation becomes more normal and more conclusive evidence can be gathered.

Citizens Organize Committee. Carrera's death and attempts to shut off the water supply by cutting the main pipes were outstanding features today. A meeting was held at which a law and order committee of citizens was organized. Business men have agreed to close the stores early in order to get the crowds off the streets. General Wells, in charge of the state troops, has asked citizens and civil authorities to cooperate. He issued a denial that the troops were to force striking miners to resume their work in nearby collieries. The miners are expected to resume work by Monday and then return to their normal conditions.

More than 700 national guardsmen, including members of two machine gun companies are here and Brigadier General Frank P. Wells, who is in charge asserted he did not expect a recurrence of the lawlessness.

He said he would not ask for additional troops. The troops that arrived today were from Decatur, Lincoln, Danville and Champaign.

Several Italians were injured in minor disturbances early today and one suffered a slight fracture of the skull.

FRANCISCO VILLA STILL SURRENDERING

Said to be Marching to San Pedro for Final Arrangements—Will Have Personal Guard of Fifty.

San Pedro, Coahuila, Mexico, Aug. 6.—Via Laredo Junction.—(By The Associated Press.)—Francisco Villa, with 900 officers and men, is en route over the desert to San Pedro from Cuernavaca for final arrangements for his surrender and disarming of his forces. He will reach here Monday and then march to Gomez Palacio where his men will be disarmed and receive a year's pay prior to be given farms where the men themselves designate thru-out Mexico.

Villa has spies in every Mexican town and these also are to share in the surrender terms. The personal guard of fifty men Villa will select is presumed from among his most trusted officers thus keeping a nucleus for another revolutionary army if he becomes dissatisfied.

According to the agreement Villa gave his "word of honor" never to fight against the constitutional government or against Mexico.

MANY SOLDIER DEAD HAVE BEEN RETURNED

Washington, Aug. 7.—The bodies of 2,891 American soldiers dead have been returned from overseas the war department announced today and those of 1,338 others are enroute to the United States. Requests have been received for the return of approximately 45,000 bodies from France and England.

WILL URGE RATIFICATION OF SUFFRAGE AMENDMENT

Chicago, Aug. 7.—Mrs. Harriet Taylor Upton, of Warren, vice chairman of the executive committee of the Republican national committee has gone to Nashville, Tenn., to urge ratification of the suffrage amendment when the legislature meets there next Monday.

151 CONVICTS.

Washington, Aug. 7.—A total of 151 convicts have been obtained in the campaign of the department of justice against profiteering, it was announced today,

CHAIRMAN HAYS IS NOT ABLE TO SATISFY SUFFRAGE DELEGATION

Connecticut Women Do Not Like the Attitude of the Republicans

AWAIT ACTION IN NEW ENGLAND

NEW YORK, Aug. 7.—A two hours interview with Will Hays, chairman of the Republican national committee left a delegation of thirty-three Connecticut suffragists "not fully satisfied," with the attitude of the Republican party on the Anthony suffrage amendment which they declared they wanted passed by the 36th state "in time for Connecticut women to vote in November."

Connecticut women, said a statement issued by Miss Katharine Ludington, leader of the delegation after the interview, are going to wait for results. "We are now waiting with keenest interest to see what their plans for bringing about ratification in a New England state will amount to," she declared. In the course of the interview Mr. Hays declared he and the Republican party were in full accord with the wishes of the Connecticut suffragists. He promised to address a personal plea to Governor Holcomb, urging the calling of a special session to consider ratification.

THOMPSON MAKES REPLY TO LOWDEN

Chicago Mayor Arraigns State Administration in Bitter Letter—Defends Own War Time Conduct

Chicago, Aug. 7.—Replying to Governor Frank O. Lowden's statement that he would not be a candidate for re-election as governor of Illinois, Mayor William Hale Thompson tonight sent the governor an open letter in which he bitterly arraigned the Lowden administration and charged that the governor had violated his oath of office and campaign pledges.

The mayor also attacked Governor Lowden's war record, defended his own actions during the war and criticized the governor's record for sending troops to France in an attempt to stop what the letter termed "a peace congress of law abiding citizens during the war."

Mayor Thompson also assailed statements the letter said were made by Governor Lowden when he visited training camps in which Illinois boys were assembled before they went overseas, possibly to "mutilation and death."

Self Professed Patriot. Governor Lowden's attitude "was one of self-professed patriotism and patriotism is the last refuge of the scoundrel," said the letter.

Speaking about the men in camps, the letter continued: "You poured honeyed phrases into their ears about the nobility of the undertaking and the certainty of reward and appreciation by a grateful republic. While indulging in this beautiful talk in the open, did you not use your power as governor to, under cover, the war profits in the company in which your family is interested?"

"You pledged these boys that when they came back nothing would be too good for them, yet from your seat in the Ogles county delegation to the Republican convention in May, 1920, did you not vote against resolutions offered by me, one of which urged congress to grant a liberal bonus to all soldiers, sailors and marines who served in the war?"

You not only voted against it, but did you not coerce state employees who were delegates to vote against it?"

TWO BOYS DROWN IN SINK HOLE

Springfield, Ill., Aug. 7.—Returning after another group of boys had been driven away, two little boys, Norman Walter, 9, and John Maynard, 8, were caught in a sink hole in a stream at Thayer, near here yesterday afternoon and drowned. Efforts of the man who had driven the other boys away, to resuscitate them failed.

BIG CROWDS CHEER AS DEMOCRATIC CAMPAIGN BEGINS

Gov. Cox Formally Notified of His Nomination

ACCEPTS PEACE PLAN AS THE MAIN ISSUE

DAYTON, O., Aug. 7.—The Democratic presidential standard, with the league of nations and progress its peak escutcheons, today was marched into the 1920 campaign by Governor James M. Cox. A throng of cheering Democrats estimated at between 30,000 and 35,000 witnessed his acceptance of party leadership following formal notification by Senator Robinson of Arkansas of its choice.

To the ceremonies at the Montgomery fair grounds, Governor Cox with Franklin D. Roosevelt, his running mate, at his side, marched for a mile in a broiling sun at the head of a parade of democratic delegations reviewed at the grounds.

For two hours the governor in his address kept the vast throng cheering. He made the league his paramount declaration, declaring he stood for American and world peace by its adoption with interpretations, preserving its vital plan. He declared the league was a part of the Democratic offering of progress as against Republican reaction.

Crowd Approved With Applause. Two reservations he had suggested to the league covenant were emphasized by the governor. Regarding the controverted article ten, he was cheered loudly in comparing it to the Monroe Doctrine with its peace record.

The crowd also shouted approval of declarations for woman suffrage, law enforcement — his only inferential reference to prohibition — reduction of taxation and scores of other issues he proclaimed.

The candidate's address closed a day of Democratic jubilation. Rain early in the day gave way to bright sunshine by afternoon with sultry humidity but shortly before the governor concluded another light rain poured upon the crowds, causing many to leave and somewhat marring the closing event.

The day's program was late in starting.

Governor Cox and Mr. Roosevelt did not reach the fair grounds until 2:30 and their review of the paraders continued until four. Governor Cox began his address at 4:40. The parade was the day's spectacular event. The thousands of cheering Democrats marched down the dusty race track past the speakers' stand with bands playing, banners and flags waving and bearing hundreds of cards paying tribute to their candidates and predicting their victory in November.

With pointed finger and vigorous arm thrusts the governor got more applause as he emphasized his indictment of the Republican platform and leadership. The crowd also voiced approval of his declaration that the loss of the league would mean no more armament expense.

Praise for tribute to President Wilson and his deprecation of Republican "discourtesy" given in lowered voice, was given further applause. A prolonged demonstration followed his assertion that Republican "slithering" had failed to unearth dishonesty in the administration direction of the war.

More cheers approved his pledge to aid ex-service men. Several demonstrations marked his declarations for consideration of women including ratification of the equal suffrage amendment.

The governor delivered only one sentence of his statement on education jumping to the subject of campaign contributions and declaring the Democrats would not attempt campaign publicity competition with the Republicans.

As he closed the governor turned to meet bands of congratulators. The ceremony closed with the benediction.

In his address here accepting the Democratic nomination, Gov. Cox militantly championed the League as proposed by President Wilson, with interpretations insuring good faith and understanding, and denounced what he termed the dishonorable proposal from Senator Harding, his Republican opponent, for "a separate peace with Germany."

League or no League, the Democratic nominee declared, is the issue between the two parties — "the supreme issue of the century," he said.

"The question is," Gov. Cox declared, "whether we shall or shall not join in this practical and humane movement. President Wilson * * * entered the League in our name. Senator Harding, as the Republican candidate for the president, proposes in plain words that we remain out of it. As the Democratic candidate I favor going in."

"The first duty of the new administration will be ratification of (Continued on Page Eleven.)"

The phrase, "dirt cheap" is quite out of date according to one Jacksonville citizen. He recently purchased 22 loads for a fill in his yard and the cost was \$1 a load. A few years ago 25c was the accepted price.

SOME TRANSPORTATION FACTS.

Those are interesting figures that the Railway Age recently produced to show that automobiles are costing the public each year almost as great a sum as is spent upon the railroads. This fact should do much to offset the statements of those critics who will soon be complaining about enormous per capita cost to the public in operating railroads under the advance recently granted.

Yet those who calmly consider the figures will find that even at the new rates, the average family expense for railroad transportation will be \$3.05 and the average family expense of automobile transportation is \$2.80.

Some of this automobile traffic expense is necessary and essential but much more can be put in the luxury column.

Most everybody thought that the supreme court decision on the prohibition question was final, but some of the liquor men are dying hard. An application has been made by attorneys for a New York brewer for a rehearing on the plea that the court finding was not explicit, and that following custom an extended statement of the issues involved should have been made.

If you read the comment on Governor Cox's speech accepting the Democratic nomination for president, you will be of divided mind. The Democratic press says that the governor has come out strong on the peace league issues and proposes to make it the principal issue in the campaign. Then come some of the Republican papers showing that a careful analysis of the governor's address indicates he is straddling the question and that he thus hopes to satisfy both the ardent Wilson supporters and also his more intimate friends who are not enthusiastic about the Wilson course.

But in considering the Cox

statement it is only fair to recognize that he is handling a very difficult question, at this time when war again menaces Europe, and the dangers of league membership are so apparent.

IT'S WORTH REMEMBERING

The lack of rain has done some damage to crops and caused a lot of discomfort to people who use the dusty highways. In the midst of these annoyances it might be well to think about what the conditions would be here in Jacksonville without Mauvalster lake. It is certain that the long drouth would have meant a nearly exhausted water supply and the old annoyances and dangers of curtailed water service. Now an abundant supply is available in Lake Mauvalster and there is the untouched surplus in Morgan lake.

Jacksonville people should not cease to be thankful both for the abundant water supply and for the co-operative spirit which made it possible.

THE ARMISTICE MISTAKE.

The opinion has often been expressed in past months that the allies made a great mistake when they granted the Germans an armistice instead of pressing them to a decisive military defeat. There has been a discussion thru both magazines and newspapers as to whether Marshal Foch approved the armistice plan, and it is now accepted as a proven fact that the marshal gave his full approval to the plan, believing that it would accomplish all the results of a military defeat and at the same time would save thousands of the allies' troops.

As the present events of Europe crowd into the center of public interest, there continually occurs that question as to the wisdom of the armistice plan. There are stories that influences in Germany are secretly aiding the soviet interests in Russia and that the struggle between the soviet government and Poland amounts to more than appears upon the surface.

It is acknowledged that the European situation is again becoming critical and events are tending to prove that Marshal Foch and those who advocated the armistice made a mistake. There is abundant testimony that the German people today do not believe that they were defeated in the great war. Evidently nothing short of a crushing military defeat could convince them or bring them to a proper understanding of the relationships with the rest of the world.

CAPT. KIRBY WHO KNOWS THE SECRET OF HAPPINESS.

Elsewhere in this paper appear some facts about the life of Capt. W. A. Kirby, who yesterday celebrated his eighty-third birthday. If any man in Jacksonville has grown old beautifully it is Capt. Kirby. For more than thirty years he has been in the postal service and the same faithfulness

and devotion to duty that have marked the other years and activities of his life have ruled him as a postal employee.

In a life of more than four score years there are inevitably some sorrows and troubles mingled with the joys and successes. It has been characteristic of this veteran of the war and of the mail service that he has met the affairs of life as they have come, with undiminished spirit. Some men would have counted Capt. Kirby's task monotonous. Some men in facing hardships he has met would have grown crabbed and morose. Not so Capt. Kirby, for he has kept a cheerful heart and cheerful mien. There is joy to him in service and he has made it a maxim of his life to perform every task worthily.

Without knowing it, this long time resident of Jacksonville has been an inspiration to younger men, to some engaged in work commonly thought to be more important than his. So he has exerted an influence that he has not realized himself, and today modest Capt. Kirby, a man who does not know how to "pull strings" and has no desire to pull them, is properly classed as one of the best and noblest of Jacksonville residents.

Rippling Rhymes By Walt Mason

My Ticket.

I'll vote for Cox and Harding when comes election-day, and thus avoid retarding the good times on the way; they stand, in seeming manner for our old Spangled Banner; from Portland to Savannah let's sound our loud hooray.

I'll vote for Hox and Harding for presidential jobs; I want to see them guarding our sacred thingumbobs; when these two are elected our rights will be respected, our wrongs will be corrected, and we'll cut out the sobs. The ticket's surely regal, the smoothest thing in view; well may our famous eagle rear up and scream a few; they're men of reputation, who've won our admiration, and they will sweep the nation from Waco to Wahoo. I cheer for Card and Hoxing thruout the busy day when I am busy boxing my odes to ship away, and in my sleep I'm dreaming of faces proudly beaming and eagles screaming upon election day. When they're declared the winners the rich will go to jail the poor will have their dinners and every kind of kale; of coal we'll have our bin full; we'll all be glad and grateful, the pitfalls of the sinful will never more avail. So rise up, men and brothers, rise up, of one accord! Rise, sisters, aunts and mothers, and vote in every ward! Let's gain the full fruition of every high ambition and lay the opposition, all stricken, on the sword!

Mrs. J. Herman and Miss Lillian Rosenthal after an absence of several weeks will return home Monday evening.

COMMITTEE PAYS TRIBUTE TO MR. GAUSE

Citizens Who Are Considering Sewer Problems Found His Work of Great Value.

Bernard Gause was a member of the special Jacksonville citizens' sewer committee appointed some time ago to investigate the possibilities of building a trunk sewer for Jacksonville. Mr. Gause was a valuable member of the committee and at a recent session the secretary was requested to send the following letter to Mrs. Gause, expressing the appreciation of the work done by her husband:

Mrs. Pearl Gause, 593 North Church St., Jacksonville, Ill.

Dear Mrs. Gause:—

The high esteem in which we hold the valuable service of your husband, the late Bernard Gause, makes it fitting that we convey to you our appreciation of his real worth.

It was he who furnished the Citizens' Sewer Committee with all the original information, and gave many valuable suggestions about the proper way in which to proceed with our problems.

Not only in the work of this special committee, but in all the public enterprises of Jacksonville, he was an active intelligent force.

In the great loss which has come to us, and especially to you, we extend to you our sincere and deep sympathy. May our great Father in Heaven give you comfort and support in your sorrow.

Sincerely,
Jacksonville Citizens' Sewer Committee,
A. C. Metcalf, Secretary.

You don't have to wait until some certain date. You can buy standard makes of Tires from me now, such as Kelly-Springfield, Goodyear, Federal and Firestone, as cheap as you will buy them later.

BOYS ARE HAVING GREAT TIME AT MEREDOSIA

Lloyd Carter, who has been in the boys' camp at Meredosia bay for several days, returned to Jacksonville yesterday. Mr. Carter has had the supervision of the swimming and said last night that the twenty-three boys were certainly having a grand time. A motor boat is at the disposal of the troop and they go to the beach some distance north of the house for the swimming program.

C. F. Ebb and Frank Plouer are with the boys and expect to return next Tuesday. Each day's program of pleasures is crowded and the boys are very enthusiastic about the bay and the club house.

TAKE STEPS TO PREVENT LOSS BY FIRE

Superintendent S. F. Henderson of the Chicago & Alton R. R. has issued the following bulletin to all agents:

"All Agents:

"Fire prevention Inspector J. M. McDonald requests me to ask you to call upon the managers of the newspapers in your respective towns, and ascertain, if they will not urge farmers to assist the railroad in avoiding destruction of crops by fire, by plowing fire guards, and getting grain back of these guards. Our section men have instructions and will at any time assist farmers in setting wheat and oat shocks back of the fire line, if the farmers will plow the fire guard. We are giving particular attention to the inspection of locomotives, and if we can gain the assistance of the farmers as suggested above, it will almost insure against fire."

FARMERS AND THE CROPS

The rain which came yesterday was of great benefit to the farms of Morgan county. Sometimes farmers worry about the lack of rain before conditions justify, but that was not true in the present instance. There has been real cause for worry. A number of men interested in agriculture and who are not of pessimistic mind have recently driven to various parts of the county and can testify that corn on many farms has been materially injured by the lack of rain. There are fields where with normal conditions prevailing from now until fall, they will produce an average yield of corn. There are, however, many other fields where there will be not more than half a crop.

Then on still other farms the conditions are worse, and the corn will not even make first class fodder. In some instances this is because of the late planting, occasioned by the excess of early rain. In other instances, the crop was damaged by chinch bugs.

Where corn is planted on a light soil it has not been able to stand the drouth nearly as well as on the black, heavy soil. It is in such instances that the farmers get new evidence of the worth of high class black land which has been treated well from year to year. On such land the corn today if planted at the usual time is in far better condition than on the light soils. But there is the usual consolation for farmers over the corn crop prospect, for if the yield is light here the chances are ten to one for a general crop shortage with the certainty of high prices.

The week has seen a great deal of improvement in the wheat market and elevators were able to offer on Friday and Saturday from \$2.20 to \$2.25 per bushel for wheat, whereas a week ago the current price was \$1.90. Views differ sharply as to the future of the market. There are farmers who believe that in another week or two the high levels of early harvest will be reached, and that the elevators will again pay \$2.50. Then there are other farmers who talk about the immense crop in Kansas, Nebraska and the northern wheat growing states, and argue that a further upturn of the market is not likely.

At any rate, all can agree that the wheat market is nervous and that prices vary greatly from day to day. If anybody knows just what the future holds, it is the men who own immense stocks of grain at the terminals—men who are reputed to control the market, whether or not such control really exists.

Homer Cully recently finished threshing wheat on his farm. In fact, he finished his entire threshing work for the oats were also ready to put thru the machine. This is the first time that Mr. Cully has ever been able to thresh both wheat and oats the same week and he says that it is the ideal way, saving a lot of both money and time.

"La Belle Russe"

Starring the Wonderfully Magnificent

THEDA BARA

A Theda Bara Super Production, presented with all its grandeur by William Fox, assisted by an all star cast

Don't Miss Seeing Theda Bara in the Greatest Role of Her Career—A Dual Role Replete With Sensational Effects

The most extraordinary dual role in the history of cinematography. La Belle Russe is a notorious courtesan. Her sister, Fleurette, the ballet dancer, suffers all for the sake of her child, the heir apparent to Deepdean castle and Sackton title. Yet both La Belle Russe and Fleurette are Theda Bara. La Belle Russe, by her machinations, plans to foist herself upon an aristocratic family. She even tries to brazen the matter out when confronted by her sister. The conflict between the good sister and the wicked sister is one of the most powerful ever conceived by playwright. Yet both sisters are Theda Bara. It will positively be the most talked of role ever presented on the screen.

REO

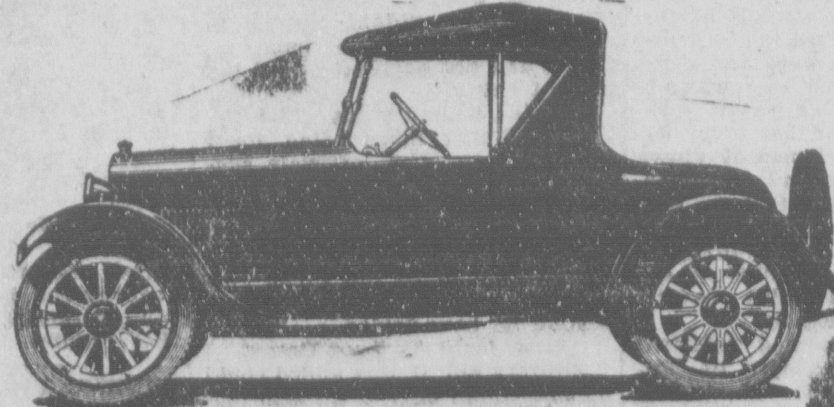

A Policy That Pays

REO has never been ambitious to make all the motor cars—only the best. From the first, the policy was to make only as many as could be made and be sure that every REO would be as good as the best REO that ever was turned out of the REO plants. That policy consistently adhered to through the many years has resulted in a demand always greater than the possible output of the big REO plants. At this time the over-demand is such that only the alert can hope to be of the elect who will drive REOS. Today—won't be a minute too soon.

JAPANESE NOTE IN ISLAND CONTROVERSY READY TO FORWARD

Must Protect Its Subjects From Bolsheviki Menace

GREAT BRITAIN FURNISHED WITH COPY

TOKIO Aug. 7.—(By The Associated Press.)—Japan's answer to the note of the United States relative to occupation by the Japanese of the northern half of Saghalin Island is to be forwarded soon to Washington. It is understood to repeat with amplifications, Japan's position regarding the occupation.

The Jiji Shimpo and the Asahi Shinbun usually well informed, publish summaries of the reply, indicating that Japan considers occupation of the Saghalin region necessary to maintain her national prestige. Occupation the note will be temporary, the troops to be withdrawn whenever a responsible Russian government is established and the Nikolaievsk affair satisfactorily settled.

Continuing the reply, as summarized by the newspapers explains that the object in maintaining troops in the Vladivostok region is the protection of 7,000 Japanese subjects as the Bolsheviki menace has not been removed.

The newspapers further report, that as a result of receipt by Japan of a note from Great Britain concerning the United States' inquiry on occupation Japan has decided to furnish the British government with a copy of the reply it will send to the United States.

INDIAN TROOPS TO LOWER CALIFORNIA

Mexico City, Aug. 7.—Yaqui Indians will for the most part make up the force of 3,000 troops to be sent into Lower California to put down the insurrection led by Governor Cantu, according to the Excelsior, which quotes a war department official.

TRANSCONTINENTAL PLANE IN TROUBLE

Accident to Landing Gear Caused Delay at Dry Lake — Will Be Delayed Until Sunday.

Reno, Nev., Aug. 7.—An accident to the landing gear of one of the monoplanes blazing an aerial mail trail across the continent caused some delay at Dry Lake, about ten miles north of here this morning. The planes started from Reno at 8:30 and landed at Dry Lake at a half hour later to pick up several members of the party who had motored there. Captain Edward Rickenbacker, a member of the party, said over the long distance phone the departure of the planes would be delayed until tomorrow morning.

"The planes will leave the field at 11 a. m. tomorrow," he said. "We could complete the repairs and reach San Francisco late today, but rather than disappoint anyone we have decided to delay our departure until tomorrow and will land at Oakland between 2 and 3 o'clock."

GOV. HARDING WILL APPEAL TO WASHINGTON

Chicago, Aug. 7.—Governor W. L. Harding of Iowa, left here tonight for Washington to appeal to the interstate commerce commission to equalize freight rates by rail and water on grain from the west to the east so that grain can be moved thru Chicago and then by boat to Buffalo.

Under present conditions practically no grain is moving from Chicago by boat," he said. "Unless the farmers of the west can get relief they will be in desperate straits and bumper crops now calling for shipment will be lost."

SCORE INURED WHEN CAR LEAVES TRACK

Pontiac, Mich., Aug. 7.—A score of persons were reported injured near here late today when an interurban car on the Detroit United Railway left the tracks at the foot of a steep incline. It was said the motorman lost control on the hill. The car which was crowded turned over on its side in the ditch.

CHRISTENSEN SAYS THAT POLL INDICATES DEFEAT OF SUFFRAGE

Sends Telegrams to Harding and Cox from Nashville

WILL MAKE SPEECH FOR RATIFICATION

NASHVILLE, Tenn., Aug. 7.—A poll of the Tennessee legislature on the federal suffrage amendment indicates its rejection. Parley P. Christensen, Farmer-Labor Party candidate for president tonight notified Senator Harding and Governor Cox in telegrams placing responsibility for the fate of the amendment in this state upon them as leaders of their respective parties.

Mr. Christensen is here for an address tomorrow in behalf of ratification. The special session of the legislature is called for Monday.

His telegram says: "Out of 26 Democrats in the state senate only eight are pledged to ratification and out of 73 Democrats in the house only 24 are pledged to ratification. Out of seven Republicans in the state senate only three are pledged to ratification and out of 26 Republicans in the house, only eight are pledged to ratification. Many of the unpledged members have said they will stand by the decision of their party caucus."

RAIN CURTAILS MANNIX PROGRAM

CORK, Aug. 7.—(By The Associated Press.)—A heavy drizzle which commenced early this afternoon necessitated curtailment of the program arranged in honor of the arrival of Archbishop Mannix off the Irish coast on his way to England. The anticipated lateness of the arrival of the Baltic, however, and uncertainty as to her destination has somewhat dampened enthusiasm for the demonstration. Nevertheless, Archbishop Mannix lands as the Irish feel sure he will, a great reception awaits him. It was the desire of the archbishop to avoid publicity when landing according to letters he wrote to the bishop of Cloyne and other members of the Irish clergy before sailing.

PLANS LICENSE FEES FOR LANDLORDS

CHICAGO, Aug. 7.—Landlords will pay an excess profits tax in the form of a license fee to the city if a plan formulated today by Alderman A. J. Gernak is given legislative endorsement.

As chairman of the council committee on revenue, compensation, and elections, Alderman Gernak is in charge of the campaign to increase municipal license revenues.

Another solution to the high cost of living, so far as paying rent is concerned, is being attempted by members of the Olivet Baptist church here. A charter was granted at Springfield today for the South Park Baptist Community Flat Owning Corporation, Olivet Baptist Church.

POLISH CITIZENS PLAN DEMONSTRATION

New York, Aug. 7.—American citizens of Polish birth or descent assembling here today from eight states, planned demonstrations in nearly 100 American cities August 15 for the purpose of obtaining American aid for Poland in her struggle against the Bolsheviki. The delegation which announced that a similar meeting was being held in Chicago, planned appointment of committees all over the country to call on President Wilson, Senator Harding and Governor Cox showing the need for this country intervening in behalf of Poland.

INVESTIGATION OF PONZI AT STANDSTILL

Boston, Aug. 7.—State and federal investigations into the business methods of Charles Ponzi, who claims to have made millions thru dealings in international postal exchange were practically at a standstill tonight. The federal audit of Ponzi's books was uncompleted and the auditor said he did not expect to finish until the middle of next week.

During the day conferences were held by officials investigating the case but no statements were made. Ponzi announced tonight his main office and all branch offices would re-open Monday under the name of Charles Ponzi Company, regardless of the progress of the investigation.

VICTORIA LAID UP WEEK FOR REPAIRS

York, Maine, Aug. 7.—The Steam Yacht Victoria, which struck on York Ledges four miles south of here in a dense fog today was floated at flood tide a few hours later and towed to Portsmouth, N. H., when an examination disclosed that repairs would be made within a week.

Aboard the yacht which was chartered last month by Sir Thomas Lipton for the America's cup races were her owner, Arthur Meeker of Chicago, vice president of Armour & Co., his wife and a party of friends. Both passengers and crew were taken ashore by tenders soon after the yacht struck.

TRANSLATES BOOK BY DANISH AUTHOR

Champaign, Ill. — Dr. D. K. Dodge, professor of English in the University of Illinois, has completed a translation from the Danish of Johannes Magnussen's "God's Smile." The book is the story of the author's conversion from agnosticism to belief in God, thru spiritualism. A number of Scandinavian criticisms of it have been written.

NO RESISTANCE TO RUSSIANS REPORTED

Refugees Said Advance Was Not Hindered—Bolsheviki Not Taking Any Prisoners.

JCHANNISBERG, East Prussia, Aug. 6.—(By The Associated Press.)—The right wing of the Russian army which swept by near the frontier here yesterday, presumably to reinforce the right center line today had disappeared to the south and the only information of its movement came from confused reports of Polish and Russian refugees, who agreed its advance was not hindered.

Increased vigilance is being shown along the border, notwithstanding information that the Russians do not intend to violate German neutrality. No person is allowed to cross without permission of the inter-allied commission.

Reports from German agents in Poland say Polish soldiers have evacuated but that the Russians are taking steps to stop looting. The death penalty is said to attach to violation of any Bolshevik order.

German newspapermen who have been at Lomza with the Russians declare that the Reds have forbidden the use of alcohol. They assert the Bolsheviki are taking no prisoners but are disarming and freeing the Poles falling into their hands. No such soldiers, however, have been reported among the refugees here.

Advices received today say the soviet armies are advancing in full strength with the cavalry leading.

EMMERSON READY TO RECEIVE WITHDRAWALS

SPRINGFIELD, Ill., Aug. 7.—With time for filing primary petitions ended, indicating contests for all Republican nominations for state office and all Democratic state nominations save two, the secretary of state this afternoon prepared to receive withdrawals. Candidates who have filed may withdraw from the race until midnight Wednesday, Aug. 11.

The two Democratic candidates for state office assured of nomination are John T. Burns, Kankakee, for attorney general, and George F. Johnson, East Moline, for clerk of the supreme court. They are unopposed.

Six Republicans have filed for governor and four for United States senator. Unofficial lists of all filings were completed tonight.

COUGHLIN BABY HAS NOT BEEN RETURNED

Philadelphia, Aug. 7.—More than 24 hours have passed since Augusto Pasquale, known as "the crank" made his appeal to his supposed accomplices to return 13 months old Blakely Coughlin who was kidnapped two months ago, but up to tonight there had been no response. Pasquale now declares that the man who actually stole the baby is a Russian-Pole.

WHEN THE HUMAN MACHINE GOES WRONG

Nature intended that each human body when in normal condition should always be healthy. Weakness and disease are therefore the results of deranged function in some part of the body due to an interference with Nature's way.

Through Chiropractic methods, every part of the body can be brought to normal and made strong and healthy because the forces of Nature have been permitted to resume their work of nourishing, strengthening and repairing worn out, weak tissues and organs.

Chiropractic helps Nature to restore and rejuvenate run-down bodies. It can make the system tingle with vigorous life-energy and do it easily, simply and naturally. While this new science will not do the impossible, it will benefit even after all other methods have proved incapable of reaching the trouble. Thousands have found full restoration to natural health through

health and has never found it necessary to use glasses in his work. Friday he celebrated his eighty-third birthday working around his home at 414 Lincoln avenue, where he expects to continue to live thru many days to come.

Just now Capt. Kirby is enjoying a fifteen day vacation and on the nineteenth of this month will retire from the service in which he has spent so many faithful years.

Born in Adams County.

Capt. Kirby was born August 6, 1837, at Mendon, 16 miles from Quincy, in Adams county, the son of Rev. and Mrs. William Kirby, who were prominent religious leaders in this region in the early days. His father was also one of the "Yale Band" which founded Illinois College. When Mr. Kirby was seven years of age his parents moved to Jacksonville and lived for a year in the building at 311 South Main street, now used as a garage by Young brothers.

At that time his father bought the block south of the Congregational church and a brick house for the sum of \$600, and established the home there. Mr. Kirby attended the public school, which at that time was taught by Newton Bateman, and stood where the new Newton Bateman High School building is now being built. After finishing here he entered Illinois College and expected to study civil engineering, but after he had finished all the mathematics, he quit college. "Not knowing how to pull strings," as he tells it, he did not get into the line of

work which he wished and with a pair of mules, a wagon, and a plow, he hired out to John Smith, a class mate who was farming on the Mound but with one condition, and that was that if war was declared he should be free to go. He received \$25 per month and board, with feed for his horses.

On April 16, 1861 Jack Leach came riding by and broke the news that Lincoln had called for volunteers. That evening, after coming in from the field, Capt. Kirby left his team in the care of Mr. Smith, and walked into Jacksonville, where he had the honor of being the first Jacksonville man to enlist. He enlisted in the Company B, of the 10th. Illinois Infantry, which was under the command of Captain Adams, a son of the superintendent of the Jacksonville Female Academy, and who had received his training at West Point. His enlistment was for three months, and while in this outfit, he was elected First Corporal of the company. Ed McConnell was at that time First Sergeant.

Promoted to Captaincy.
When the three month enlistment was up Capt. Kirby reenlisted for three years in the Company C, of the First Missouri Cavalry, under the command of Capt. Barber Lewis. In this command he held the rank of Second Sergeant and later First Sergeant, and in December, 1863, he was commissioned Second Lieutenant of Company A, 6th. Missouri Cavalry. Two months later he was promoted to Captain of the same company, which rank he held until the peace was declared. During the last six months as senior Captain he was in command of the Sixth

Missouri Cavalry, which had been reorganized as one battalion. While acting in this capacity, Capt. Kirby and his command, accompanied Colonel Mathews, the first commissioner of peace to the Indian Territory, on his trip to Indian Territory.

On his discharge from the army Gov. Yates appointed Capt. Kirby revenue inspector of the 20th. district, which position he held for six months, and then went to Southern Illinois and ran a fruit farm until 1873, when he was appointed instructor at the Illinois School for the Blind. There he had charge of the boys, teaching them to make brushes, brooms and to can chairs in the shop during the evening he had charge of the devotionals and literary work.

From 1875 to 1880 Capt. Kirby was associated in the soap business with Mr. Graham. The factory being located on South West street, near the light plant.

He was married September 10, 1867, to Miss Arbella Clement, who died about twenty five years ago, and has four children, Clement R. Kirby, Captain in the Ordnance Corps of the U. S. Army of Brownsville, Texas; Henry W. Kirby, a dentist of Chicago; Mrs. Marion Frampton, of Clarendon, Calif., and William J. Kirby, of Jacksonville.

His Postal Service Record.

During the Garfield-Arthur administration and one year in the Cleveland administration, from 1880 to 1885, Capt. Kirby was mailing clerk and assistant postmaster, and as such took care of the registered mail, made the weekly reports, and kept account of the funds for newspapers and books. There was no vacation

then and the postal employees put in seven days a week.

The next five years Capt. Kirby was city clerk. In April of 1890 he went in other work, and in December of that year he took a position of delivering mail to the western part of Jacksonville. For the last thirty years has been a familiar sight on the streets of Jacksonville, as a mail carrier. When Capt. Kirby went back into the post office in 1890 Cyrus Mathews was the postmaster, and the salary of the mail carriers was \$800 per year.

Every morning Capt. Kirby leaves his home at 6:20 and collects the mail in the west end of Jacksonville. Later he delivers out on Morton avenue, and all the dirt roads in the west end. In the afternoon he covers the route again, driving every day twenty-four miles. In the last twenty-five years he has traveled a distance of 187,200 miles on the United States mail routes, or equal to seven and one half times around the world, all on the streets of Jacksonville.

3 LEADING BATTERS IN AMERICAN LEAGUE INCREASE THEIR LEAD

"Babe" Ruth Suffers Slump Before Kerr in Last Chicago Series

HORNSBY OF ST. LOUIS LEADS IN NATIONAL

CHICAGO, Aug. 7.—The three leading batters in the American League fattened up their averages during the past week but "Babe" Ruth, the home run champion, who is in fourth place, suffered a slump before Dick Kerr in the last game of the series between Chicago and New York. He was at bat five times but connected for only one hit. Tris Speaker, the Cleveland manager, who tops the batters' list with eleven hits in seven games and boosted his mark from .411 to .417, which is fifteen points better than that of George Sisler, the St. Louis star, who is the runner-up with an average of .402. Joe Jackson, the slugging outfielder of the Chicago White Sox, is third with a mark of .398, while Ruth is hitting .381. The averages are of players who have participated in fifty or more contests and include games of Wednesday.

Ruth continues to be the sensation of the league. This was evidenced again in the series just played in Chicago between the Yankees and the White Sox. For the four days a crowd officially estimated at 126,000 came out to witness the games with a hope of seeing the big southpaw slugger crack the ball out of the field. Only once during the series was Ruth able to "deliver" on his specialty. That was on the second day when he drove the ball on a line into the right field bleachers for four bases. Claude Williams was pitching and it was the third homer Ruth had collected at his expense. This eighth home run. Against the following day he was unable to hit, because he was ordered passed. In the opening game with Cleveite on the mound Ruth was helpless.

Rice of Washington is far out in front among the base stealers, showing the way with a total of 43 thefts.

Other leading batters: Rice, Washington, .366; E. Collins, Chicago, .364; Meusel, New York, .354; Weaver, Chicago, .341; Hendrix, Boston, .337; Felsch, Chicago, .332; Judge, Washington, .332; Jamieson, Cleveland, .332; Jacobson, St. Louis, .331; Milan, Washington, .326; Cobb, Detroit, .322.

Roger Hornsby of St. Louis continues to head the National League batters who have played in 50 games or more. The St. Louis star knocked out 13 hits in his last six games and boosted his average to .372. J. Smith, a teammate who was the runner-up among the regulars last week, went into a slump and dropped to fifth place with an average of .326, while Nicholson of Pittsburgh came along strong and now is runner-up to Hornsby with an average of .336. Roush of Cincinnati has pulled up into third place with a mark of .333 and Young of New York is holding fourth place with .327.

Hornsby is far out in front in total bases with 220, acquired on 143 hits, which include thirty doubles, thirteen triples and seven circuit drives.

Cy Williams of Philadelphia bagged a brace of homers in the past week and now tops the circuit drive hitters with eleven. Robertson of Chicago is next with eight to his credit.

Max Carey of Pittsburgh is set-

ting a hot pace among the base stealers. He is showing the way with 36 thefts, while Roush of Cincinnati has 22 and Neale, another member of the world's champions, has pilfered 20.

Other leading batters: Williams, Philadelphia, .322; Konechny, Brooklyn, .321; Myers, Brooklyn, .320; Hollocher, Chicago, .318; Stock, St. Louis, .317; Daubert, Cincinnati, .308; Terry, Chicago, .305; E. Smith, New York, .305; Flack, Chicago, .304; Groh, Cincinnati, .303; Merkle, Chicago, .303.

HARTLEY HEADS THE AMERICAN ASSOCIATION

Ben Tincup, the Indian with Louisville, took a bad tumble from his position among the batters of the American Association. From being runner-up to Grover Hartley, of Columbus, last week, the Indian has dropped to eighth place. Hartley also went into a slump. He cracked out only one hit in his last five games and lost 15 points off his average. However, he still tops the list with a mark of .357. Wilbur Good of Kansas City had a good week with the willow and although he lost a few points from his mark of last week, his batting was superior to the other leaders, and as a result Good went into second place with an average of .340. The averages are of players who have played in 50 or more games.

Bunny Brief of Kansas City cracked out three homers in past week and broke the tie for circuit drive honors shared last week with Hargrave of St. Paul. Brief has bagged sixteen. Hargrave managed to get one and has fourteen.

Rapp of St. Paul is pulling away from Drensen, his teammate in the base-stealing department. Rapp is showing the way with 34 thefts, while his rival has pilfered 29.

Other leading batters: Wickland, Toledo, .338; Roudsaw, Minneapolis, .333; W. Miller, Kansas City, .329; Rapp, St. Paul, .327; Butler, Milwaukee, .327; Tincup, Louisville, .323; Wade, Minneapolis, .322; Berghammer, St. Paul, .318.

BRAZILIANS CARE LITTLE FOR BASEBALL

Rio De Janeiro.—Baseball teams composed of North Americans in Rio de Janeiro and San Paulo recently played a three-game series for the championship of Brazil. Each team had won one game and the deciding contest was played here on July 4 as the feature of the North American celebration of Independence Day.

Brazilians have virtually no interest in baseball. The only games played are between North American teams here and in San Paulo except when a United States battleship is in port.

AMERICAN LEGION BEHIND BOXING BILL

Chicago, Ill.—Half a dozen organizations will sponsor bills to legalize boxing in Illinois when the state legislature convenes in Springfield next January.

The American Legion already had launched a movement to legalize the glove sport. The Illinois Boxing Fans association, which also has a bill appealing for legalizing boxing.

ENGLISHMEN WIN IN GOLF PLAY

CLEVELAND RACE MEET TO BE RECORD BREAKER

Cleveland, O., Aug. 7.—North Randall's second week of Grand Circuit harness horse racing this season will open Monday, August 9, with all entrance records for a week's racing on a Grand Circuit track broken. A grand total of 415 horses eligible to compete is listed in the events. The entry list has quality as well as quantity including the cream of the trotters and pacers of the country.

The entries for the week's card averaged well, only three events failing to attract ten or more horses. The free for all pace and the 2:05 trot on Friday have six horses named and eight are eligible to start in the 2:04 pace Monday.

The record number of events is booked for the 2:15 trot on Thursday when no less than 45 horses are eligible to go. Four other events have 30 or more named and six other races 20 or more, making eleven races out of the 19 with at least 20 horses entered.

Secretary Win Kinnan announced that all races with 14 or more horses eligible to start have been divided into two or more divisions thus providing five, six or even seven races daily instead of four.

KANSAS CITY GETS LEFT HANDED PITCHER

Kansas City, Aug. 7.—The management of local American Association team tonight announced the purchase of Sam Ross, a left handed pitcher from San Antonio of the Texas league. Ross reports here August 12.

JACK DEMPSEY TO BEGIN TRAINING

BENTON HARBOR, Michigan, Aug. 7.—Jack Dempsey, who will defend his title as heavyweight champion against Billy Miske here Labor Day, will come here the latter part of next week to begin active training, according to Floyd Fitzsimmons, promoter of the match.

The champion will train in the big arena to accustom himself to the sun. Fitzsimmons said, Bill Tate, "Panama" Joe Gans and two other sparring partners will accompany Dempsey.

U. OF I. CLAIMS BEST COACHING STAFF

Urbana, Ill.—With the signing of Carl Lundgren as baseball coach, the University of Illinois today claims the best staff of coaches in the west.

The staff is composed of Zupke in football, Gill in track athletics, Jones in basketball and Lundgren a graduate of Illinois, in baseball. Lundgren was a former star in the major leagues and for the last seven years was baseball coach at the University of Michigan.

Zupke gained fame in the west as a result of producing championship football eleven.

BILLY MISKE GETTING READY FOR DEMPSEY

St. Paul, Minn., Aug. 7.—Billy Miske, the St. Paul heavyweight boxer, is reported rapidly rounding into tip-top condition for his ten-round bout with Jack Dempsey at Benton Harbor, Mich., on Labor Day.

It will be the third time Miske has mixed with the champion, but the two previous meetings were in the latter's ante-championship days. In a contest in St. Paul Dempsey got the newspaper verdict, while a later meeting in Philadelphia resulted in a popular decision for Miske. Illness kept Miske out of the game more than a year, but now he declares himself fully recovered and ready for a "come-back." Recently he knocked out Jack Moran in six rounds, and fight critics declared his form as good as ever.

REDS' STOCKHOLDERS RECEIVE DIVIDENDS

Cincinnati, O.—Holders of the common stock of the Cincinnati Baseball club here received a second dividend of 8 per cent this year on their common stock. A dividend of 12 per cent was declared last January.

TENNIS TOURNAMENT.

Seabright, N. J., Aug. 7.—Miss Marion Zinderstein of Boston defeated Miss Eleanor Tennant of Los Angeles 6-4, 6-2 in the finals of the women's singles at the invitation tournament here today.

MYERS BROTHERS WILL PLAY TODAY

Fast Springfield Team Comes For Deciding Game Held Up Smith for More Money.

Myers Brothers team of Springfield will appear at South Side Park this afternoon as opponents of the Indians in the deciding game of a series of three.

Each team has won a game. Myers Brothers took the first game by a score of 4 to 2. The Indians won the second by a score of 5 to 4, putting over the winning run in the eighth inning.

Myers Brothers after waiting until sure that Smith couldn't get another team, held him up for a large guarantee. Smith had to come across or disappoint his patrons. Unless the fans turn out in large numbers, however, he will

lose money because of the holdup. About the only way to get even with the visitors is to give them a good beating and this is what the Indians will try to do.

Myers Brothers will have Chestnut and Elliott for hurlers this afternoon. Chestnut will start the game. He is one of the best moundmen in Springfield. Elliott also is going good and will be ready to take the mound in case the Indians get to Chestnut.

Florence will start the game for the Indians. Florence is said to be a hurler of class. In reserve Smith will have Riggs and Mann. One of the largest crowds of the season should be on hand when Unipire Ely calls "play ball." They will see one of the best games of the season, too, for both teams are out to win the odd game.

FLOYD TENDICK MET DEATH AT VERONA

Former Resident Killed in Street
Fight Resulting from Labor
Trouble—An Ex-Service Man.

Morgan county people will be interested in knowing the facts about the recent death of Floyd Tendick in Verona, Pa. The young man, who formerly lived in this county, was killed in a street fight the result of a labor riot. Mr. Tendick was a son of Mr. and Mrs. John W. Tendick, of Jerseyville, formerly resident here, and has a number of relatives now living in Jacksonville and Morgan county.

The following facts concerning young Tendick's untimely death are taken from a Pittsburgh newspaper:

"Following a procession in which hundreds of residents of Verona, the Veterans of Foreign Wars, and several industrial societies participated, the body of Floyd Tendick, aged 26, the railroad worker of that borough who was killed last Tuesday in a street fight, was today laid to rest in Hebron cemetery. The funeral march was played by the New Kensington band. The body was taken to the Oakmont Episcopal church, then to the Municipal building and finally to the cemetery where funeral exercises were conducted by the Veterans of Foreign Wars.

"Tendick, who was a soldier during the world war with the Twentieth Engineers, was shot by non-union workers, it is said, last Tuesday, as the result of a controversy between them and a resident of Oakmont, in which the slain man intervened. The men, it is said, made the statement they would 'get Tendick.'

"Besides his widow, formerly Miss Mary Ellen Isherwood, he is survived by a son, Floyd Tendick, Jr., aged four months. Lionel and Michael Danprier and J. C. Gillespie, all of Naylor, Ga., and Howard Patterson, of Charleston, W. Va., are held in connection with the shooting, pending the coroner's inquest next Thursday. Patterson received a bullet wound in the arm and leg, but the wounds were superficial, it is reported. Indignation over the killing is high thruout the Verona section. Several other persons narrowly escaped being struck by stray bullets during the melee."

Another paper had the following:

"Unrest which has been simmering in Verona for weeks because of the presence there of non-union railroad workers, crystallized last night into seething tumult when Floyd Tendick, aged 26, an ex-service man and former railroader, was shot and killed by a crowd of at least five men. The shooting took place in front of the barber shop of J. P. Dailey on the principal corner of the town. Dailey's son, Thomas, aged one year, was standing by the window in the shop when the fray began and narrowly escaped being killed. Just as his father picked him up to carry him back into the house, a bullet struck and

shattered the glass just where the child had been standing.

Resented Insult to Woman. "About a month before, it is said, Edith Isherwood, Tendick's sister-in-law, was made the butt of several offensive remarks by one of the strikebreakers as she passed a crowd of them. Tendick resented this and struck the man who made the remarks. Some say the man struck Tendick first with a shovel; some say Tendick struck the man. However, there was no further trouble about that as Tendick had been away from Verona working since then and has been home but seldom.

"Last night, so Mr. Dailey said, a man of Verona, well known thru the town, went to where the non-union men were loitering and made some remark which antagonized the men. They started for him, but Tendick who was near, interfered, and tried to explain that the man was not responsible for what he said. Several of the crowd then made some remark about going to 'get' Tendick."

"Mr. Dailey says that Tendick came to him and asked him for an old 32-caliber revolver he had there. 'The gun was broken and wasn't very much good and I didn't want Tendick to take it,' Dailey said today, 'but he said he didn't want to shoot, he only wanted to show it in case the 'gang' came for him. He thought it was loaded with blank cartridges. He then went to the door of the shop and out on the walk. In a few minutes the crowd came, about five or six of them, and began shooting. About nine shots were fired by the 'gang.' Tendick shot twice and I am sure, hurt one of them."

Shot Like Gunmen. "The men shot like professional gunmen, and some of them had two guns. They have made a practice of looting around this corner and putting guns to show off, and have been reported to the police, but never have been stopped. July 3, they stood on the corner and shot bullets into a steel car standing on the railroad. When the shooting began, I ran to get my baby who was standing by the window and just as I picked him up, a bullet struck the glass, just where he had been standing. If they had killed my boy I think I would have gone out single handed and wiped them out. We all feel sad about Tendick, as he was a good, decent fellow. We all know about the time the men insulted his sister-in-law."

"Tendick was in the Twenty-Eighth Co., Twentieth Engineers. He was all thru the war. Chief of Police Whisner of Verona said Tendick fired the first shot. Witnesses to the fray said he did not. Verona is thoroughly indignant over the affair. At the Isherwood home, Mrs. Tendick is prostrated."

How Many Fires do you need to heat your home?

Two or three stoves—and then the whole house isn't warm. Bed-rooms are cold—parlor is cold—or perhaps you close it up.

Heat the whole house—every room—with one fire—and without any piping in the walls.

PIPELESS HERO FURNACES

With only one register—using only one fire—will heat every room in your house—even if it has 12 or 14 rooms.

Hero Pipeless Furnace is built on the one scientific theory that warm air is lighter than cold and that it is expanded, causing pressure and gravity to drive the cold air into the heater.

Hero Pipeless Furnace puts the proper amount of moisture in the air to make it healthful.

Hero Pipeless Furnace can be installed in one day—no cutting of walls.

TWO CAPTURED IN ATTEMPTED BURGLARY

Lloyd Evans and Leonard Bento Arrested in Bold Attempt to Rob Wabash Freight House—Accomplices Escape in Confusion.

Lloyd Evans, alias Lloyd Hobbs and Leonard Bento were captured by the police force and special agents about 9 o'clock Saturday night in a bold attempt to burglarize the Wabash freight house. The men had one or more accomplices who escaped in the confusion attending the rush on the band.

An attempt was made to burglarize the freight house several days ago. Special agents, Markle and Kiek came to the city and have since been watching the building in the hope of apprehending the thieves.

Saturday night suspicious movements in the vicinity of the freight house led the agents to believe that an attempt was to be made to rob it some time during the night. The agents communicated with Chief of Police Kiloran. The chief immediately put his entire day and night force on the job.

Together with the special agents they secreted themselves about the building. About 9 o'clock the burglars gained entrance by breaking a window on the railroad or north side of the building with a wrench. The watchers let the men enter the building as they wished to get conclusive evidence if possible.

The men were inside for some time before they opened a door on the south, or Lafayette avenue side of the building and began to throw out packages of freight. At a signal given by the firing of a revolver the watchers rushed the building and surrounded it.

The men dogged back into the building but in the confusion it is believed that one or two men escaped. The members of the posse were afraid to shoot for fear of hitting each other.

Part of the force then effected an entrance by breaking in a door on the east end of the building while others remained outside to prevent escape thru other doors or windows. Search of the building resulted in the capture of Evans and Bento.

The men were taken to the police station and Special Agent Markle prepared to swear out warrants charging them with burglary and larceny. It is the hope of the police that either Evans or Bento will reveal the names of the accomplices who escaped.

When the posse rushed the building the burglars had thrown out two cases of soap and a case that it is thought contains underwear.

The men who are arrested are both young, neither being more than 24 years of age. Evans has been away from the city for about a year. He returned only a short time ago.

INDOOR CARNIVAL PLANS COMPLETE

Ex-Service Men Will Have Big Time at Auto Inn Three Nights This Week.

Members of the American Legion have practically completed all arrangements for their great indoor carnival which will be held August 12, 13 and 14 at the Zahn Inn. This is one of the largest garages in the state and furnishes ample space for this event.

The ex-service men have given time and thought to the program of events and are expecting great crowds. There will be dancing every night from 8 until 12 o'clock, with music by Dunlap's special orchestra of ten pieces.

There is ample space for at least 600 couples. There will be boxing and wrestling contests and at least 20 other attractions are on the program which has been prepared. Two brass bands will be in constant attendance and there will be special interest in the two big prizes which are to be given away. That part of the program will take place next Saturday night. A committee of business men will have charge and all who participate will be certain of being accorded the same treatment.

ATTENTION MUSICIANS Reorganization of the old band Monday evening at 7:30, Trades and Labor Assembly. All musicians of city invited.

LIGHTNING STRIKES BARN SATURDAY NIGHT

Structure on Farm of Miss Grace Carter Southwest of Lynnvill Burned—Quantity of Hay and Grain Destroyed.

Fire which started from a bolt of lightning during the storm Saturday night totally destroyed a barn on the farm of Miss Grace Carter southwest of Lynnvill.

The farm is occupied by H. V. McNeely. A quantity of hay, wheat and oats was stored in the structure and will be practically a total loss. Fortunately no horses or other stock was in the barn at the time.

The loss will probably reach several thousand dollars. It is not known whether or not any insurance was carried on building or contents.

CHEAP TIRES are expensive at any price. Buy the Pennsylvania at BRADY BROS.' BIG TIRE SALE, and save money and trouble.

Deaths

Rolfs.

The death of Henry Rolfs, one of the aged residents of Morgan county occurred at the family home three miles west of Chapin Friday morning at 10:20 o'clock. Death was due to double pneumonia, from which the deceased had been ill for thirteen days.

Mr. Rolfs was born in Germany on August 29, 1837, and was therefore at the time of his death aged 82 years, 1 month and 7 days. He came to this country when a young man and all the rest of his life has been spent in Morgan county. A number of years since the deceased retired from farming, in which he had been engaged all his life. The wife of the deceased passed away Dec. 1, 1900. Mr. Rolfs is survived by a number of nephews and nieces.

Funeral services will be held from the home at 2 o'clock this afternoon and further services will be held from the American Lutheran church northwest of Chapin at 2:30 p. m. The service will be in charge of the pastor, Rev. J. H. S. Sleiving.

CODY UNDERTAKING PARLOR COMPLETE

Arthur G. Cody, for many years a funeral director in this city, recently moved into the room on West State street vacated by W. W. Gilham and has established for himself as will be seen by an advertisement in this issue of the Journal.

Mr. Cody has just completed re-decorating and refurbishing his new quarters, making them second to none in this part of the state. Ample chapel space has been provided which may be used by persons needing it, without extra charge.

A policy which Mr. Cody has desired to carry out for many years, he states will now put into effect the rendering of a perfect service at the lowest possible charge and of letting these facts be known to the public through the medium of newspaper announcements. He believes that this is a duty his profession owes to the public.

WINS PRIZE FOR WINDOW DISPLAY

J. L. Read, of Hopper's shoe store, this city, has just been honored by having a valuable prize awarded him for the excellence of the window trim which he designed for that store during Dr. Scholl's Foot Comfort Week, June 20th to 26th last.

This was a contest in which thousands of window trimmers of the leading shoe stores in the United States and Canada participated and it is, indeed an achievement to have gained one of the prizes. Those who noticed the display in question and who noted its striking arrangement and artistic conception will not, however, be surprised at the recognition it received.

CUT THE HEDGES.

The worth while suggestion is made by J. M. Stice, road commissioner, that all farmers all over the county be requested to cut hedges at road crossings, at least 100 feet from the corner. Many an automobile collision would be avoided if this general plan of hedge cutting were followed. The suggestion is made now particularly, because this is the usual time of year for hedge trimming.

MAVERICKS

Governor Cox was greatly astonished when he was informed he had been nominated for president by the Democratic national convention.

However, when he recovered his equanimity he made a long talk. In fact it was so long some people thought he would not get thru before election day.

You are Right, Warren. Warren Luttrell, editor of the Franklin Times, pulled this one last week:

This is a great year for newspapermen. John Thompson, who looks after the destinies of the Murrayville Tribune when he is not selling a silo, writing a mortgage, conducting a funeral, mayoring the town, or engaged in some other of his multitudinous activities, attended the Nortonville picnic Tuesday and as soon as the committee caught sight of him they awarded him the prize as the ugliest man on the grounds. George Davis, of the Jacksonville Journal, and the publisher of The Times were unable to attend or Bro. Thompson would never have gotten away with it so easily.

Parley P. Christensen, Farmer-labor candidate for president, seems to be lining up to his first name.

The candidate with the best appetite promises to be the popular candidate in the present epidemic of picnics.

A New York chorus girl fainted when she saw her husband. It is probable she saw him so seldom that the shock was too great.

During the next few months, "throwing the bull" promises to be one of the favorite pastimes in the United States.

Charlie Chaplin's wife is suing for divorce on the grounds of cruelty. Judging Charlie in the pictures one would think that he never was mad in his life.

Four hundred miners went on strike in Springfield because the water was too hot in their wash house.

It is probable that Billy Jess, manager of the mine will hereafter furnish each miner with a valet to see that the water is just the right temperature.

For temperament the present day coal miner has it on any prima donna we ever met.

Joseph Devlin challenged the entire English house of commons last week.

If it comes to a fight we are going to get a bet down on Devlin.

This Beautiful Silver Grey Plush Couch Casket, Exactly Like Cut, Trimmed Complete With Box, \$100.00!
A Net Saving of from \$100.00 to \$150.00

Scripture tells us "the truth shall prevail," and my advertisements will speak the Truth. I have entered the Undertaking field in the interest of the people and I shall prove myself worthy of the trust. I am here to help every bereaved family, to do all they desire, for their departed and at the great saving announced in my opening statement here. I belong to no association that will prevent me from saving you from War Time profits, in the hour of need. I ask no War Time profits; I ask no high prices; I sell my goods for their actual worth, and ask the public for their confidence and patronage upon this common ground—"Truth, Courage and Justice."

I am here to serve the people in their interest, and with this purpose ever in view, I shall maintain the right prices regardless of others. I want the friendship and the patronage of those who need my service—those of the common people, with a common interest in view—to help you by my service and my prices.

I handle caskets of the finest make at a reasonable price, and only a fair profit. My service is excelled by none, my prices right and I shall appreciate your patronage.

I know you want to do your full duty by your loved ones, and that you desire the better grade of caskets, and I am here to help you do that and make it all within your means.

I offer you protection; I offer you my very best service; I offer you everything that justice can command or commend, and again I wish to assure you of the TRUTH of my statements—that I am ready to save you a large amount of burial expense.

AUTOMOBILE COLLISION.

Yesterday evening H. R. Lindsay son of Fred Lindsay of Litterberry, and Gus Vallery of the vicinity of Arenzville, the former with Ford car and the latter with a Studebaker, parked in a proper place on the east side of the square near Long's pharmacy and while the cars were standing there a man attempted to pass a wagon and in so doing he caught Mr. Lindsay's car, whirled it around damaging it materially, and struck Mr. Vallery's car twisting the front axle and doing other damage. It was said the man had a 1919 plate on his car but he made his getaway so fast no one could identify him. The men whose cars were damaged feel pretty sore over the matter and will pay well for information leading to the identification and punishment of the offender.

MUCH WHEAT LOADED OUT AT LITERBERRY

W. E. Murray Reports 25,000 Bushels of Wheat Loaded Out During Past Week—Other Litterberry News.

Litterberry, Aug. 7. — W. E. Murray, our enterprising grain merchant, hands in the following report: "We have loaded out about 25,000 bushels of wheat this week; have run elevator three nights and all night in order to have these cars ready. We have never failed to have our cars loaded, ready to go to market, when the morning train came for them. We are getting our shock threshing pretty well in; when through, we will have handled about 60,000 bushels of wheat, all fine quality and good grade."

The Litterberry Baptist Aid met on Thursday at the home of Rev. and Mrs. W. R. Johnson in Jacksonville. Seventeen members were present and a very profitable meeting was held. During the business session plans were made for a chicken fry supper, to be held in September, date to be announced later. The hostess served cream and cake, a good offering was taken, a social time was enjoyed and the meeting closed.

G. B. Litter who is ill at his home, remains about the same.

Some of our people attended the M. E. chicken fry at Concord on Thursday and report a good dinner and a general social visit with old friends.

A CORRECTION.

An item in Saturday's Journal in regard to scores made by local militiamen at the Camp Lincoln rifle range, stated that the gold medal was won by Private Roger Carter. This statement was in error as the gold medal was won by Private Carter Clark.

BIG CROWDS CHEER AS DEMOCRATIC CAMPAIGN BEGINS

(Continued from Page 1)

Gov. Cox said, "The interpretation of the treaty," Gov. Cox said, "predicting that friends of the League would rally to elect a Senate with the requisite majority for ratification."

Gov. Cox said the "interpretation" should state "our interpretation of the covenant as a matter of good faith to our associates and as a precaution against any misunderstandings in the future."

Assailing the League reservations as emasculating, Gov. Cox suggested two specific "interpretations," as outlined several months ago in a newspaper article. One declared America's continuance in the League should depend upon the League's use only as an agency for world peace; the other stated the understanding that this nation could act only within the Constitution declared unalterable by any treaty.

Must Preserve Principles.

The door to other "interpretations" was left open by Gov. Cox but he said that the Democratic platform plank "speaks in a firm resolution against anything that disturbs the vital principle" of the League.

No room for doubt was left as to the Governor's position on the League as the preeminent political battle ground. As on other subjects, he stated his position squarely.

"We are in a time which calls for straight thinking, straight talking and straight acting," he said. "It is no time for wobbling."

In position, the League question led the candidate's address and to it he devoted three thou-

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

sand words of the 10,000 odd

The prohibition amendment and Volstead Law were not applied in the address, but Gov. Cox promised emphatically, strict law enforcement.

"The Constitution," he said, "is the license and limitation given to and placed upon the lawmaking body. The legislative branch of government is subjected to the rule of the majority. The public official who fails to enforce the law is an enemy both to the Constitution and to the American principle of majority rule. It would seem unnecessary for any candidate for the presidency to say that he does not intend to violate his oath of office. Anyone who is false to that oath is more unworthy than the law violator himself."

"Morals cannot easily be produced by statute," Gov. Cox continued in passing to a plea against abuse of the writ of injunction.

Regarding woman suffrage, Gov. Cox urged ratification of the proposed Constitutional amendment, declaring women "are entitled to the privilege of voting as a matter of right and because they will be helpful in maintaining wholesome and patriotic policy."

Attacks Opponents.

His opposition—candidate, platform, leaders and congressional record—were flayed by Gov. Cox in scathing terms throughout his long address. A "Senatorial oligarchy" led by Senators Lodge, Penrose and Smoot, Gov. Cox charged, selected Sen. Harding to lead the Republicans and fastened "into the party platform the creed of bitterness and hate and the vacillating policy that possesses it."

The Republican stand, generally, was scored by the Governor as reactionary and on the League question, he said the party's candidate was bent to the irreconcilable hostility of Sen. Johnson of California. The Republican Congress, the Governor asserted, failed to pass a constructive law or to reduce war taxes.

Millions in campaign funds have been gathered for "the reactionary cause," the Governor charged, deploring election of a new administration "under corrupt auspices," and demanding publicity for "the plain truth" regarding all contributions and disbursements. The Democrats, he added, would not compete for dollars. He warned the country against "cunning devices backed by unlimited prodigal expenditures *** to confuse and lure."

Gov. Cox said he took up the Democratic standard "a free man, unfettered by promises."

"We want a change," he said, "from the old world of yesterday, where international intrigue made people mere pawns on the chess-board of war. We want a change from the old industrial world where the man who toiled was assured of a 'full dinner pail,' as his only lot and portion. We stand at the forks of the road. One leads to higher citizenship, a freer expression of the individual and a fuller life for all. The other leads to reaction, the rule of the few over the many and the restriction of the average man's chances to grow upward. But I have abiding faith that the pitfalls will be avoided and the right road chosen."

"The leaders opposed to democracy promise to put the country back to normal." This can only mean the so-called normal of former reactionary administrations.

"Our view is toward the sunrise of tomorrow. The opposition stands in the skyline of the setting sun, looking backward, at the old days of reaction."

A graceful tribute to President Wilson was paid by Gov. Cox, when, scoring the Republican platform for absence of "a line that breathes emotion of pride" in the nation's war achievements, he said that while soldiers fell in the trenches Mr. Wilson "was broken in the enormous labor of his office."

Talks of Separate Peace.

The Republican proposal for a separate peace, Gov. Cox declared, would be "the most disheartening event in civilization since the Russians made their separate peace with Germany." Citing difficulties in the plan, Gov. Cox said that if accomplished "No nation in good standing would have anything to do with either of us."

"This plan would not only be a piece of bungling diplomacy, but plain, unadulterated dishonesty, as well," he said, inveighing against any schism with out associated powers.

"This act would either be regarded as arrant madness or attempted international bossism," he added.

Discussing domestic questions, Gov. Cox denounced profiteering at length and promised that profiteers should "suffer the penalty of the criminal law."

Fair returns for both capital and labor were advocated, the nominee also approving development of both "into large units."

Without injury to the public interest, Collective bargaining with labor through its own representatives was approved by the Governor, who added:

"We should NOT by law abridge a man's right either to labor or quit his employment. However, neither labor nor capital should take action that would put in jeopardy the public welfare."

"We need a definite and precise statement of policy as to what business men and workmen may do by way of combinations of the judge or jury. The law is now so nebulous that it almost turns upon the predilections of the judge or jury. The rules of business should be made more certain so that on a stable basis men may move in confidence."

Labor Disputes.

Disputes between capital and labor are inevitable, Gov. Cox said, and public opinion settles prolonged strikes. Declaring that "public opinion should be the government in America," he said the government should occupy an impartial position, protect lives and property and, possibly at

times, inquire into facts of a tie-up.

"But facts and not conclusions," he said, "should be submitted." Agricultural subjects formed another extensive feature of the candidate's speech, many developments being advocated, including reduction of tenantry, increased production, co-operative selling as well as purchasing by farmers, establishment of municipal markets and modern state rural school codes, and increased acreage by irrigation development. He also declared for government regulation of cold storage and a time limit on storage products.

Advocating American youth for its war service, Gov. Cox declared that the nation owes a debt to those who died and their dependents to the war, and that those who should be trained and rehabilitated. Also, he said, "we must realize that considerable compensation is due those who lost much by the break in their material hopes and aspirations."

The Mexican situation, the Governor stated, has been trying our patience for years, but now begins to show signs of improvement.

"Not the least of the things that have contributed to it," he continued, "is a realization by the people of the country that we have neither lust for their domain, nor disposition to disturb their sovereign rights."

On the railroad question, Gov. Cox advocated giving a thorough test to private ownership, under government regulation; the latter now being accepted, he said. Financial credit for the roads, he stated, should be provided. Discrediting of government operation of the carriers was deplored as "unfair" and "insincere."

Pledges Lower Taxes.

A pledge for "heavy" and immediate reduction of federal taxation was made by the nominee, who said that, with economy, \$2,000,000,000 could be lopped off. He advocated repeal of "annoying consumption taxes" and said incomes of wage earners, agricultural producers, and salaried professional and small business men should be "sharply modified." He suggested, in lieu of excess profits taxes, "a small tax, probably of one or 1-2 per cent on the total business of every going concern."

He also urged "making their share of hidden wealth pay their share (of taxes) with those whose property is in sight."

Advocating reform of federal agencies and activities, including establishment of a budget system, the Governor said the government could be run on \$4,000,000,000 annually including sinking fund and national debt interest.

Disarmament provisions of the League of Nations, he added, constitute "an appealing fundamental" and its loss a surety of armament burdens.

The Federal Reserve Act was commended at length as the greatest factor in America's war efforts next to personal sacrifices of the people. The law is a Democratic achievement, he said, enacted "against the protests of the bitter Republican hand-patters."

In its development, he recommended establishing foreign banks in trade centers and urged Americans to guard the law, declaring it should be "kept from the hands of those who have never been its friends."

Repeal of laws restricting freedom of speech and assembly and liberty of the press was advocated, together with Americanization of alien residents and extension of education work "without encroachment by the federal government on local control."

ABOUT TO RETIRE FROM BUSINESS

Prominent Illinois Contractor Had Suffered Thirty Years—Tanlac Brings Health.

"When I began taking Tanlac I was so bad off I was about to retire from business," said Charles Stenstrom, the well-known concrete and excavating contractor living at 607 Fishgate Street, Peoria, Ill.

"For thirty years I have suffered at the misery that goes with stomach trouble, rheumatism and disordered kidneys," he continued. "My stomach was so badly upset that it nearly laid me up altogether and after every meal I took cramping spells that sometimes were so bad I couldn't leave the house for I was afraid I couldn't get back. I bloated up so with gas that I could not get a long breath. My legs pained me almost every minute of the day and when the weather was damp my arms hurt me so bad it was agony for me to try to bend them. My kidneys were so badly out of order that I had pains all down my back and at night I was in such misery I could hardly sleep at all. Every morning my back was so stiff it was hard for me to get out of bed and during the day I couldn't think of doing any work."

"But such things are different since I got hold of Tanlac and has made such a remarkable change in me that I feel thirty years younger and if it was necessary I could handle a shovel and turn as much dirt as any of my men. Everything I eat now agrees with me perfectly and I am never troubled in the least with gas or with cramping spells. The rheumatism has nearly disappeared and the pains and stiffness in my back have all gone. I sleep sound every night and of mornings I get up feeling hale and hearty. I have given up the idea of retiring from my business, as Tanlac has given me new life and strength and I am enjoying better health than I have for many years."

"Tanlac is sold in Jacksonville by Coover & Shreve, and by leading drug stores in every town. (Adv.)"

chistic agitators and development of waterway transportation were other affirmative policies the Governor enunciated.

"I accept the nomination of our party," he said in conclusion, "obedient to the Divine Sovereign off all peoples, and hopeful that by trust in Him the way will be shown for helpful service."

Balfour Pink - the Granite Eternal

When you erect a monument you are erecting something to stand not for a year or two but for years and years—then you must get the best. Balfour Pink has stood this test.

In the year 1766, near what are now the quarries of the Harris Granite Quarries Company, the home of BALFOUR PINK GRANITE, one Michael Braun built a granite house. Today the house stands intact, the pink granite retaining its true color, and we must marvel even more at the qualities of that granite which have enabled it to withstand the successive seasons of heat and frost without deterioration.

FARM BUREAU TO AID LIVE STOCK SURVEY

Executive Committee Held Session Saturday—Annual Financial Report Made—News Notes.

The executive committee of the Morgan county farm bureau was in session Saturday at the farm bureau office. Those present were Charles S. Black, C. A. Rowe, C. A. Leach, W. H. Crum and C. J. Wright. The matter of the live-stock survey in Morgan county was discussed and the county agent was authorized to assist the agricultural association in this work.

The blanks furnished are to be sent to some responsible person in each school district of the county. The agricultural association is seeking to work out an intelligent system for marketing livestock that will stabilize prices and this survey is part of the plan.

During the chautauqua the farm bureau will maintain a tent and the county agent will have his headquarters there during the afternoons of the chautauqua unless he is busy in other parts of the county. The tent will be the business headquarters for members of the bureau who visit the chautauqua and there will be space sufficient for the display of products that are of interest to farm bureau members.

The members of the executive committee Saturday voted to refund the admission fee of any member of the Morgan county pig club who pays an admission to the chautauqua on "Farm Bureau Day" which will be Friday, August 27. It is hoped that all the members of the pig club will be present on that day and it is planned to take a photograph of them at that time.

Attention was called to the invitation of the Pike county farm bureau to attend the Pike county farm bureau picnic at Griggsville on August 14. Members of the Morgan county farm bureau will be encouraged to attend this picnic, for which a program of unusual interest has been prepared.

Under general business bills for rent, compensation for Mary Lyons for substitute work as office secretary and the other monthly salaries of the adviser and office secretary were allowed. The purchase of a mimeograph from W. B. Rogers was authorized, the cost to be \$50.

The annual financial statement for the bureau was presented and gave the facts as set forth below. Of the balance in the treasury, \$5,000 is in short term U. S. certificates of indebtedness and the remainder is on deposit in the accounts of the secretary and treasurer of the bureau.

Hessian Fly—Last year over 50 per cent of the early sown wheat was destroyed by Hessian fly. A survey of the state is now being made and a statement of Hessian fly conditions will be mailed each farm bureau about September 1st. We know now, however, that flies will be numerous enough to damage early sown fields and now is the time to start a campaign for proper date of seeding, which in general will be three days later than advocated last year.

CHARGES THEFT OF AUTOMOBILE TIRES

W. W. Pickle Swears Out Warrant for Proctor DeFrates and R. W. Leggett—Both Men Released on Bond.

A warrant was sworn out by W. W. Pickle yesterday for the arrest of Proctor DeFrates and R. W. Leggett charging them with the theft of twelve automobile tires. The men were taken before Justice of the Peace W. T. Dyer who placed them under \$300 bonds. Both men were released on bond, Mrs. Jane DeFrates signing the bond for DeFrates and A. D. Moore being surety for R. W. Leggett.

The complaint alleges that the men "did unlawfully and feloniously enter the vulcanizing shop of the affiant and did then and there take, steal and carry away twelve automobile tires valued at three hundred and ninety dollars (\$390) the property of the said affiant, W. W. Pickle."

BARA MEETS BARA IN THE "LA BELLE RUSSE"

Theda Bara has achieved a strange and wonderful feat. She has stepped out of herself and stood face to face with her other self. In "La Belle Russe," the William Fox photoplay which will be shown at Luttrell's Monday and Tuesday, Theda Bara No. 1 may be seen talking to Theda Bara No. 2.

The great star plays a dual role in this thrilling picture of feminine intrigue—a film version of the great Belasco play. She is seen as a graceful ballerina who braves dire poverty for her husband's sake. She also plays the part of the ballerina's twin sister—a magnificent but utterly wicked woman. In one startling scene the poor ballerina and her selfish sister confront each other.

"La Belle Russe" contrasts a story of mother-love and self-sacrifice with the story of a woman's heartless ambition.
